

Estas historias
NOS EMOCIONAN

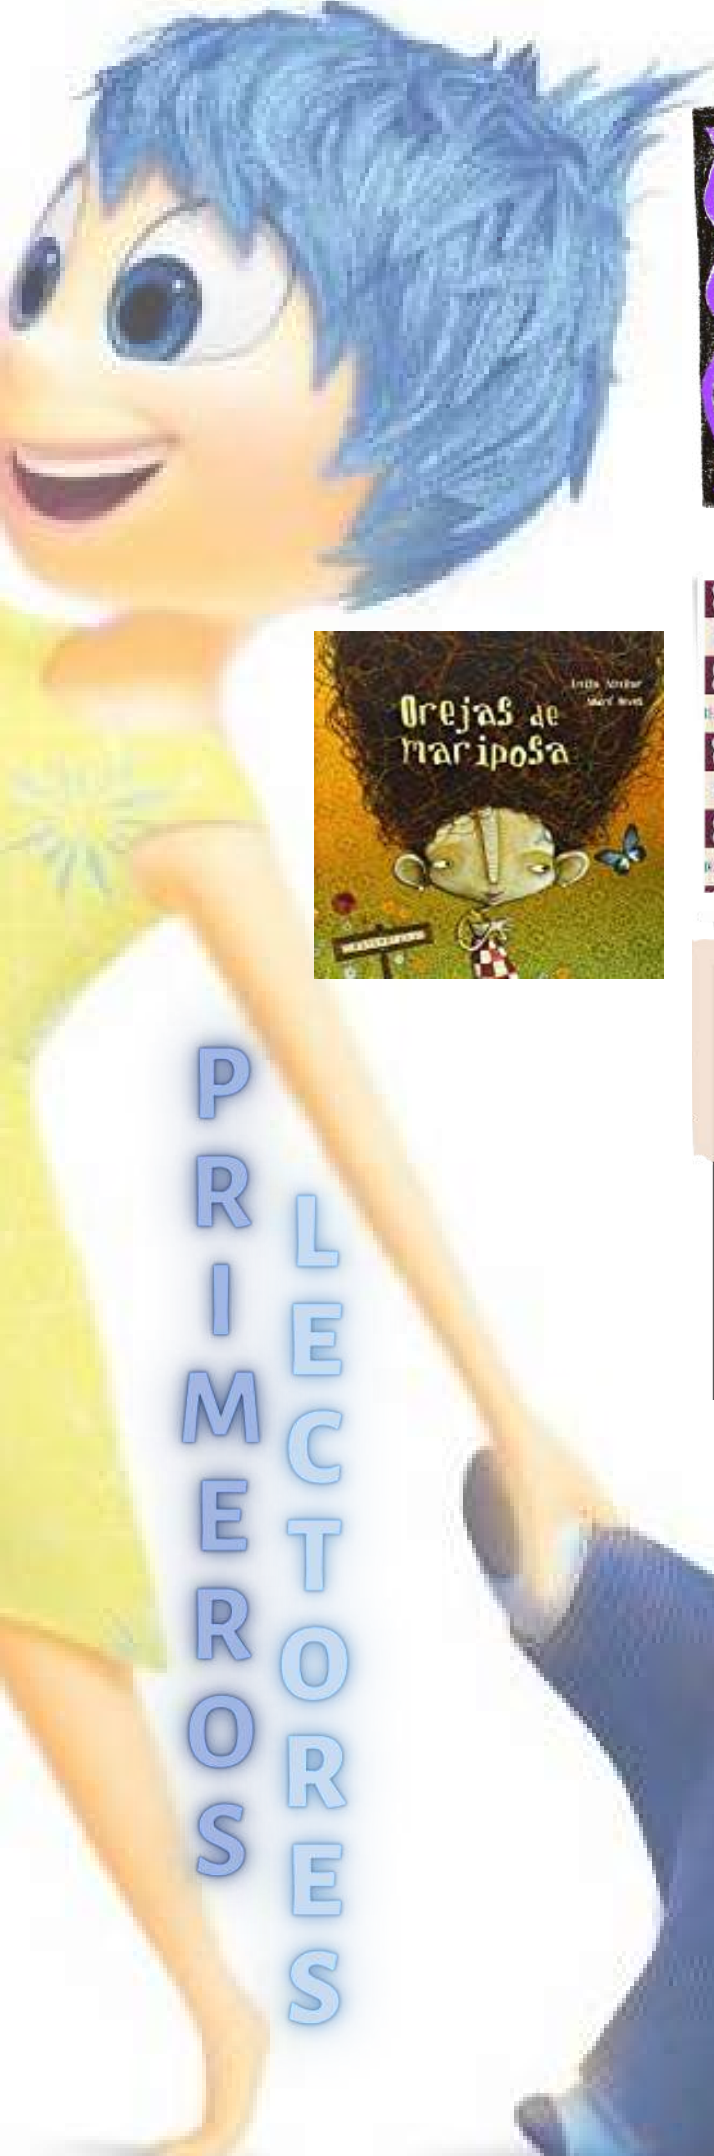

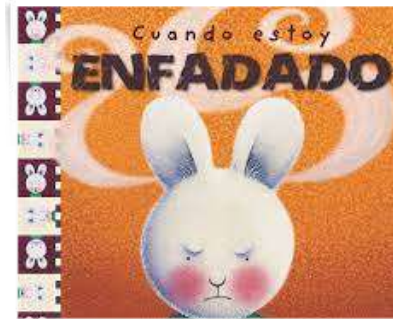

Cada vez damos más importancia a la educación emocional.

Al cabo del día, una persona siente muchísimas emociones diferentes. Los niños y niñas, los adolescentes y también los adultos sienten millones de cosas que ,a veces, no saben cómo gestionar. En parte porque, en muchos casos, ni tan solo saben identificar lo que sienten, por tanto, sus emociones pueden derivar en situaciones, conflictivas o no, que haya que resolver de la mejor forma posible.

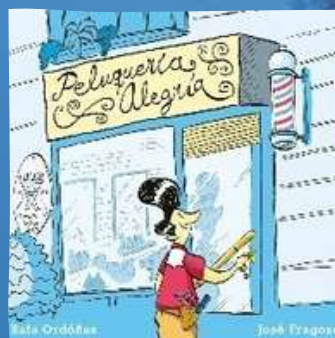

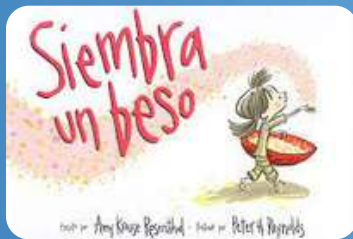

Por eso os proponemos una lista de lecturas, ordenadas por edades, que pensamos que os pueden ser útiles para trabajar en vuestra biblioteca. Así como libros en los que nos encontramos historias emocionantes de mujeres, celebrando así el 8 de Marzo.
